

Lights of Long Ago- Audition Lyrics

(This song is written for male voices, but girls can sing it an octave up if they wish, especially if they are sopranos. The final word, "go" is not in this cut of the music- feel free to sing it in a style of your choosing.)

Onward toward the night
Onward toward the light
Onward to a place your heart will know
Come remember the lights of long ago.
Remember the lights of long ago!
